- Cow Pie Surprise

Name some people you respect and explain why you respect them?

What if, instead of calling that person by their name, you were to lower that person's name by calling them "cow poop?"

Shall we lower God's name to the common and vulgar or shall we regard it as holy and treat God with the respect God is due?

- Without a Thought

When people use God's name as a fill word, e.g., "God this," "God that," "Oh my God," what do they really mean?

Some people say, "Oh that doesn't mean anything!" That is precisely the point!

How are we lowering the name of God when we use these meaningless phrases?

remember 1 thing:

Our Almighty God is the most awesome being in the universe. The name of God deserves respect and reverence.
